

NEBRASKA REGION - S. C. C. A.

PLATTE VALLEY HILL CLIMB

SUNDAY, MAY 6, 1956

All cars are to meet at 2:30 P. M. on the gravel road on the east side of Linoma Beach (Linoma Beach is just east of the Platte River on U. S. No. 6).

This will be a regularity run to the hill, a regularity run on the hill, and you can choose your own speed and time. All cars will compete as one class. You will be judged on the basis of your percentage of error. We will wind up with a nice picnic spot -- and the scenery should be beautiful. Bring your own picnic supplies and food.

You may bring your kids and friends, but please be responsible for your own guests -- both as to driving and spectating. Observe all traffic regulations, and let's don't have a repeat of the Wahoo incident.

In case of extremely bad weather, the event will have to be canceled. In case the weather has cleared but the hill is muddy, we will substitute a rally. For late information Sunday morning in case of doubt, call Darrel Mahnke in Omaha, Regent 5979, or John Mason in Lincoln, at 3-2167.

OZARK RALLY NEWS

The Nebraska Region was represented by Sandy Downs, Dick Ferguson, and Jerry Ritter at the Rally April 21 and 22. They report wonderful weather, well organized Rally, but no Nebraska awards. Jerry broke his speedometer, and they all picked up a tar bath from some freshly oiled roads which the Rally Committee had not anticipated. The Iowa Region was well represented at this Rally. Let's build up some interest in regional attendance at the next Ozark Rally.

COMING EVENTS

Dodge City Races, April 28 and 29
Smartt Field Races at St. Louis, May 12 and 13
Iowa City Races, May 13
National Races at Fort Worth, June 3

Dan Kees is working on an event at Beatrice, and Ralph Miller is working out a Rocket Run. These will be the next two Nebraska Regional events.

See you the 6th!

THE HILL CLIMB COMMITTEE
(Mason and Mahnke)

Joe - Are you going to Ft Worth? I want to go
if I can - and I'll need some money worth ahead of
time - brake checking - ^{steering} steering - suspension - & lights
also would want some help available in pits. Could you
drop me a line as to whether you would be available?
Understand you have a FF now. ^{hope we can run} together. ^{John} you make mine run
as good as yours, or vice versa - and well have more fun.

NEBRASKA REGION

SPORTS CAR CLUB OF AMERICA

MAY 14, 1956

1. Next Event - Ralph Miller, whose responsibility it is to stage the Region's next event, reports the ROCKET RUN will take place on the evening of Saturday, May 26.

The evening's activities will commence promptly at 8:00 P. M. at the Calumet Cafe in Ashland. Those planning to have dinner at the Cafe, prior to their participation in the Rocket Run, are urged to arrive there no later than 6:30 - 7:00 P. M., as the serving area is limited.

As was mentioned previously, the event itself will start promptly at 8:00 P. M. Those who arrive later than this will find that everyone else has departed for parts unknown.

A picnic will take place immediately following the "Run." Everyone will be responsible for bringing his own liquid refreshments. The grub will be furnished, but reservations must be made and paid in advance. Hot dogs will be the bill of fare, at a cost of 50¢ per adult, and 25¢ for the young 'uns. Mail reservations, together with cash or check, to Ralph Miller, 2639 Randolph Street, Lincoln, Nebraska. We'd hate to see anyone left out in the eating department.

2. June Event - Dan Kees has reserved the Beatrice Airport for the June Event, scheduled for the 10th. From present indications this will involve a rally, a public display of sporting machines, a gymkhana, buffet supper, and entertainment.

Additional information will follow, but be sure to reserve this date.

3. Cancellations - Information recently received indicates that the Iowa City Races, the Buffalo Bill Hillclimb, and Watkins Glen will not be run this year, for a variety of reasons.
4. Scheduled Races, Both National and Regional - May 19-20, Milwaukee (Regional); June 2-3, Fort Worth, Texas (National); and June 20-24, Elkhart Lake, Wisconsin (National)
5. Hal Middaugh - The unhappy news has been circulated that at the recent Dodge City, Kansas, races Nebraska Region member Hal Middaugh suffered the misfortune of flipping his TR-2. He is definitely well on the road to recovery and would appreciate receiving cards from all the "gang." He will be at Omaha's Lutheran Hospital for some time, yet.

6. Dodge City Races - On a happier note, other Nebraska Region participants included Loyal Katskee, Darrel Mahnke, Cy Dieter, B. D. Super, Dick Clark, and possibly others whose names failed to be brought to the attention of this reporter. The Nebraska delegation returned home with a good share of the available hardware.
7. Results - Rally to the Kilometer, April 7, 1956, Wahoo Nebraska.

OVER 1500 CC
