9. Clyde Bourgeois	Porsche 1300	

ROCKET RUN

The quiz on page one is actually the results of the July ROCKET RUN, in case you haven't guessed. The event took place on the back roads west of Gretna with forty-one cars entered. The turnout set a new record for attendance and we hope it keeps up. It's very gratifying to the organizers to see the club turn out for their event.

Pity the poor tourist who happened to be on the starting road when that first rocket went off. Amid clouds of dust and squealing tires, the cars blasted off in every direction and headed north to a new vantage point to await the next rocket. Personally, I never saw another rocket until the 9:45 deadline, and the rally was over. I did see a number of poor lost souls scrambling up and down hills, telephone poles and the like looking for nite-crawlers or something. It was a lot of fun though and after the rally the crowd drove down to Linoma Beach to wash down some of the dust.

NEBRASKA REGION BADGES

Here they are!!! Your new Nebraska Region car badges will be on sale at the Monte Carlo Rally so be sure and bring your \$3.00 and get them while they're hot. The club also has a complete line of National SCCA accessories from decals to cuff links. They will also be on display so look them over. These items have been purchased by the Club for your convenience and the prices are the same as advertised in SPORTS CAR.

INVITATION

The Sarpy County Centennial Committee has requested anyone who has a sports car to take part in their parade on Sunday, August 4th in Bellevue, Nebr. The parade starts at 2:00 pm. and will be televised by KMTV Channel 3 in Omaha. Anyone who wishes to participate in the event should report to the North Parkway Drive in Bellevue by 1:00 pm. Sunday. The section of the parade containing the sports cars is designated Unit #3, Section "H".

MORE NEW MEMBERS

More Healey competition coming from R.W. McCollister of Columbus Nebraska who has a new Austin-Healey 100 Six.

Carter Behtol and his Volkswagen from Omaha has been signed on the register.

Also from the Omaha area is Major William H. Grabowski from Reardon who drives a new Ford Thunderbird.

From the Lincoln area comes Dale W. Thorsen and his new Triumph.

MISSOURI VALLEY MONTE CARLO

The Missouri Valley rally is scheduled for Sunday afternoon August 18th. It will start from the Burlington Railroad station in Omaha on south 10th Street. Entrants from the Omaha area will be started promptly at 1:00 pm. Entrants from Lincoln and out-state areas will be allowed an additional half-hour if needed or 1:30 pm. The coffee shop will be open if anyone wants to come early and eat lunch.

The rally will consist of three legs covering about 100 miles with "coke" stops and trials along the way. A minimum average speed will be required and scores will be accumulated on all phases of the Rally.

New EQUIPMENT

There seems to be a lot of new machinery around lately. Mary Barnes is the proud owner of a white MGA. Alice Lemmers had a new TR-3 and Gene Salliey broke down and brought a new Austin-Healey 100 Six.

Sandy and Lee Downs just moved into their spanking new home at 901 Dale Drive in Lincoln.

Rosie Meyer had a new baby boy named Dean flown in via air express and at the last reports he was crying for his turn at the wheel of her MG TF.
