The November Hare and Hounds

John Carter and Joe Mayer, our November rally committee, certainly produced one of the best laid out rallies we've participated in in this region. It was a pleasure to run from start to finish. The entire distance was toured on good, hard-surfaced roads; the course was well marked with big, fine batches of lime at each turn and each confirmation; the instructions contained no undecipherable gimmicks; and the average speeds were reasonable ones. Only 21 cars were able to take advantage of this dandy Hare and Hounds, but as we lost not even one car and total error among the 21 was very close, I'm sure all 21 would agree that this was a fine event.

Perhaps this glowing description is colored just a bit by the fact that Father and I took home our first First Place trophy of the year. (I do seem to have a real talent for counting lime bags!) All in all 'twas much fun, and we'll be looking forward to the next one.
