APRIL EVENT

The Lincoln Air Force Base Auto Club has extended a warm welcome to the Nebraska Region members to participate in time trials to be held on the base Sunday, April 12. Your Activities Chairman gladly accepted the invitation, reworked the Event Calendar a bit, and decided that this would be considered the April Event. Activity points will be given to all members present but only on the basis of being there; either by participation or as a spectator. If you do not want to run please turn your name into the Entry List Chairman to receive activity points. Additional activity points will not be given to class winners.

Pertinent information on this event:

1. Entry list closes at 1:00 P.M. Please be prompt so trials can start.
2. Helmets and seat belts will be required. If you have an extra helmet, please bring it along and loan it out.
3. Trials to be run by class - classes will be in accord with S.C.C.A. breakdown based on engine displacement.
4. Trophies will be awarded - Entry fee will be charged.
5. Awards dinner to follow.

MARCH'S ECONOMY RUN

Clyde Bourgeois, driving a French Citroen DS-19 with full power equipment won the Region's first Economy run with a straight miles per gallon of 43.18 and a ton miles per gallon of 70.92. Clyde had little competition from the small turn out although with most makes of cars present the Citroen's Economy Classes were upheld.

MEMBERS

<u>Position</u>	<u>Driver</u>	<u>Auto</u>	<u>Miles per Gallon</u>	<u>Ton Miles per gallon</u>
1.	Clyde Bourgeois	Citroen	43.18	70.92
2.	Mike Lemmers	TR-3	35.02	47.28

4.	Lisle Robinett	VW	43.55	44.75
5.	James Rech	Sunbeam	31.94	43.92
6.	Leon Rezny	Corvette	19.24	33.65
7.	Scott Lawcett	A-H	16.62	23.93

NEBRASKA INVITATIONAL RALLY

Chairman Wil Mead recently announced that the Nebraska Invitational Rally which was originally scheduled for May 16 and 17 will be held July 18 and 19. Wil who has been in communication with Wesport on this Event, feels that the only possible chance of getting this rally on a National Calendar in 1960 or 1961 will be by selecting some other month than May where there are already three National rallies scheduled. As Nebraska road conditions are quite erratic in the spring and neighboring regions have Fall rallies already on schedule we were more or less left with the Summer.
