NEBRASKA REGION OF S.C.C.A.

March 1961

A meeting-social will be held March 11, 1961 at Holiday Inn, Lincoln. Dinner at 8:00, refreshments at 7:00. Price \$2.60 per person. Reservations must be made and must be postmarked by midnight March 8. Ed Weaver is in charge of this meeting. A reservation blank will be found at the end of the "Notes." For those who wish a drink--BYOB--. Our R.E. suggested that members write down any complaints they have, any suggestions they wish to make, etc., so that we will be sure to discuss all questions at this meeting.

R.E.'s Column

Your Exhaust Noted Editor did not receive them by deadline time.

March 19, 1961

An Autocross will be held on this date. George Gunther is in charge so we can all be sure that we will have a fine event. It is my understanding that we have a field, with a road, not used for the last 10 years, and other interesting problems. In case of extremely wet weather the name may be changed to "Mud Trials." Since the location of this event has not been told to me--I suggest you be sure and come to the March 11th meeting--or contact Mike Lemmers for instructions.

Ice Gymkhana February 1961

As far as your editor is concerned, and I'm sure all those who attended will agree with me, the Ice Gymkhana was a big success. With Gene Smiley at the helm this was expected, and Mother Nature helped too, with fine weather. There were times when some of us weren't sure about the whole idea--as we heard the ice crack beneath us--but Smiley was sure there was enough ice and, as usual, he knew what he was doing. The sun was warm and with the tires spinning--the ice got slipperier all along. It was a real experience. All of you that stayed home missed a lot of fun, and if luck is so we can have one again next year, don't miss it. The Legion Ladies served excellent chili, hot dogs and coffee.

A short meeting was held after the February event and trophies were awarded. Those for January were not ready, so will be given out at the next event. The dash placque is being revised to fit on the dash better, and these will also appear on the trophies in the future. The dash placques will be mailed in the future. If entitled to one and not received--contact Mike Lemmers.

On the matter of trophies, it was announced that in the future smaller trophies will be awarded at rallies and instead of one trophy--two will be given, one for driver and one for navigator. This is to equalize the glory and also to alleviate any arguments as to whom the trophy belongs, in the case of two members riding as a team. In the case of two members in a winning car--the points for that place will be divided evenly between the driver and navigator. It isn't quite clear if this is to encourage or discourage member rally teams.

Gene Smiley reported on our hopeful race. They are waiting for an appointment with Obbink for further consent for the event to be held at Norfolk. Smiley reports that they have "everything" and they are hopeful that red tape can be cleared so that they can go forward with permanent plans.

The date of the Golden Rod Rally has been changed to June 23, 24 and 25. It will start and end in Lincoln. The change of date was because of the conflict with Road America.

The Calendar of Events for the year will be given out at the March 11th Meeting.
