Did you know that we had a club mascot for Dan Spencer's June 22nd Solo II Event in Lincoln? It all started when a lady ran up to us at Tech. She frantically said that she was late for a flight and could we take care of this dog she found on the road. Before I had time to think of what to say she put the dog in my arms and ran off.

This was a very small dog, and it didn't look well at all. Steve Smay thought it was a Yorkshire Terrier. Vicki Rudder, Mary Logsdon and Theresa thought it was cute. They gave it the name of "CC" for cubic centimeter or maybe the CC in SCCA. The name fit, the dog wasn't much larger than 1cc.

By the time the event was over that Sunday afternoon, CC looked much better than when we found him that morning. This was due to the fact that many people had given him large amounts of love, food, and water. I'm sure almost everyone at the event knew about the dog.

Because CC had no collar and looked like he had been lost for a long time I decided to give him a home. It wasn't long after I got CC home that it became obvious that this dog was well mannered. My wife took CC to the Vet the next day, and he thought the dog was about 5 to 10 years old. He also said that CC's teeth were removed surgically in the recent past. In view of these things, it became clear to me that CC was from a family that cared for him.

I called Don Knop in Lincoln and asked him if he could help me find the previous owners of CC. With the help of the Humane Society, he found them. The owners called and said that CC was really named Taffy, and that he was 15 years old. "I've had him ever since I was one year old", the girl said. It was apparent that she was really happy that the dog was safe because it sounded like she was crying a little over the phone.

Taffy is home and safe now. Because I like Taffy so much I went out and bought a Yorkshire Terrier. His name is Charlie.

About Rallys -- As the Solo II Season reaches it's halfway point I feel obligated to remind you that Rally season will soon be upon us. There will be only three more rallies this year that count towards year end trophies. I bring this up because to qualify for the year end awards for Rally Driver and Rally Navigator the entrants must have worked one rally. September is Mac's Midnight Madness - this is a tough rally which goes from midnight to breakfast the next morning. It is a tough rally because at 4:00 AM "Right at Stop Sign" is a trick instruction. About 4:00 AM your brains turn to Jello. It's not a lot more fun to sit on a checkpoint at 4:00 AM so John is always needing workers. Please call him and volunteer right away. The October event will be a rally by Kendahl and Janean Shane. This will probably be a tough rally because Janean (and Kendahl) are devious rally masters. If you can't take staying up all night maybe the Shane rally would be better for you to work. The November rally will be hosted by Jerry Doctor. Jerry is looking for new people to help him. If you ran the three week rally you already know how meticulous Jerry is when devising a rally. If you really want to learn how to loop traps etc. from one of Nebraska Region's experts - call him to volunteer. In any case, if you want to be in the running for the year end awards you must work. So call one of these event masters today before all of the slots are taken.

The Nebraska Region SCCA meets on the first Thursday of each month at Johnny Sortino's at 79th and L Streets in Omaha. The meetings begin at 8:00 pm and will be held on 8/7, 9/4, 10/2, and 11/6. The December meeting is the annual banquet which will be held on December 6th at Mister C's in Omaha - details to be announced. The board and officers meeting is held the last Thursday of each month at R. J. Wilson Company located at 2580 South 90th Street (between the V.I.P. Car Wash and the V.I.P. Lounge just north of West Center Road) in Omaha. This is strictly a business meeting but members are welcome to attend. The meetings begin at 8:00 pm and will be held on 7/31, 8/28, 9/25, 10/30, and the November meeting conflicts with Thanksgiving so the date will be announced when it is decided. Exhaust Notes is a publication of Nebraska Region SCCA.
